- o High-Ropes Course & fixed rope course
- o 1 x outdoor-lunch & non-alcoholic beverages
- o Experiential teamtasks, e.g. "acid-lake", "the flying egg" or "bomb"

...experience nature on High Ropes

Price: starting from **275,00 Euro** per person in a DBL-room; a minimum of 12 persons is required to conduct this programme.

A ropes course **experience of a special kind**: several platforms are mounted in trees at a height of approx. 13 m and linked to each other by various beam and cable structures. For example you start climbing up a wobbly ladder, balance over wooden beams, cross several bridges and finally try to regain solid ground in venturing our "black forest jump".

On a low-elements course the absolute interdependence of the team creates a very special atmosphere of learning and trust. The beams and ropes are at most only 30 –50 cm off ground, personal creativity to find joint solutions, overcoming your own fears and trusting in your partners represent an emotional challenge for each team-member.

After a typical outdoor-lunch, equipped with harness, helmet and a handful of courage you'll start to climb a fixed rope route.

Various interactive exercises and team tasks round an eventful day and create a new spirit of trust-based, team-focused thinking.

All activities are accomplished under supervision of our trained outdoor coaches.

For all activities no special skills are required.
