- o 15 - 60 participants: 325,00 €
- o 61 - 130 participants: 295,00 €
- o ab 131 participants: 265,00 €

This could be your day:

to build-up a cata-raft will be your first challenge. With a handful of courage and confidence in your "vehicle" you have to cross a lake to reach dry land again.

There you have to proof your skills in orientation by map & compass: explain the grid and true north to follow in Robin Hood's footsteps.

Traditional archery is a fascinating and enjoyable sport. The interaction between drawing and releasing the string serves to strengthen body, mind and soul. Calm, concentration and find your own centre are all the means and the end of this original form of shooting.

Back to action - equipped with harness, helmet and a handful of courage you'll start to climb a fixed rope route.

On top you'll enjoy the gorgeous scenery of Black Forest before you'll "fly" down about 440 ft by using our Giant Cable Wheeler to reach safe ground again.

At last you have the choice riding back to the hotel on wild game trails and forest roads on the saddle of a MTB or enjoying the end of the day at a warming campfire.

All activities are accomplished under supervision of our trained outdoor coaches.

For all activities no special skills are required.
